# Indexed Case for Drills

This wooden cylindrical case is mahogany—as you know a handsome wood—the metal top and knobs are nickel plated. It is a handsome little case, but that is secondary to its usefulness, which was the first thing aimed at. Drills kept in these cases are always ready for use, they are not mislaid, nor does any one borrow them without your knowledge. It takes but a moment to turn the cover, swing the shutter by means of the knob, and out comes the drill.

We think the indexed cases are just what is needed; they are not only handy, handsome and serviceable but almost indispensable.

Order one and then you will advise your friend to order one. Remember it is "Morse Goods," which guarantees the quality.

## NEW BEDFORD STREET AND HOUSE DIRECTORY

Copyright 1906 by W A Greenough & Co

Giving the location of each street and showing streets running from or across, with the number at intersection, also general direction of each street, map index, street numbers, and names of householders with their occupation

The streets of New Bedford, with few exceptions are laid out north and south, and east and west. Those running north and south number at Union street, and increase each way, with the even numbers on the east and the odd numbers on the west side. Those running east and west begin to number at the river, and increase westerly, with the even numbers on the south and the odd numbers on the north side. The letter S enclosed by parenthesis, which follows the name of any street, signifies the general bearing of such street from City Hall. Thus School street (S) is south from City Hall.

CANNONVILLE. A portion of the westerly part of the city, in the neighborhood of the meeting-house on the Smith's Mills road is known by this name, thus called in honor of one of our deceased citizens, whose labors in behalf of the people there will long be remembered

CITY COMMON. This beautiful spot is in the north part of the city, and is bounded by County, Purchase, Pope and Pearl streets. A very handsome monument, erected by the city, at a cost of about \$13,000, as a memorial to the soldiers and sailors who lost their lives during the war of the Rebellion, is located here

CLARK'S POINT. This point forms the southerly part of the city. It has the waters of the Acushnet river on the east, and of Clark's Cove on the west. Its length is about two miles. At its southerly extremity on the river side is a large tract of land belonging to the United States; at the extremity of the point is Fort Rodman. Around this point, a distance of about four miles, is a road not surpassed by any public drive in this country. It is called East and West French avenues, commencing at Cove street and follows the shore thence along the western, southern and eastern boundaries of the point, until it terminates in the street, where it has its beginning. It is eighty

feet wide, smooth and level, and in its course commands a series of views of surpassing loveliness and beauty. The cove, the bay, the river, the shores, the islands and ledges, the lighthouses, steamers and sailing craft of every description, the city on the one side, its sister town of Fairhaven on the other and the noble bridge between, constitute a series of views which render a ride or a walk over this road most delightful and attractive. The City Farm and Almshouse is located on Clark's Point

CLIFFORD. A settlement with a post office of the same name about three miles north of Acushnet

CRAPO PARK. On Hickory, Ward and Clay streets. Not officially named, and subject to change

DOGFISH BAR. The collection of houses near the foot of Coggeshall street is often called by this name, which designates a shoal in the river near by. A bridge crosses the river at this place for Fairhaven

"DOWN TOWN." The section bounded by Union, Sixth, Elm and N Water streets may be regarded as the business centre

FOUR CORNERS. The space formed by the intersection of N Water, S Water and Union streets. This has been a somewhat noted spot in our local history. Near this was erected the first village house, and it was long regarded as a business centre

GERMANTOWN. The vicinity of Church street, first settled mostly by Germans

HOWLAND VILLAGE. End Bolton road and Orchard street, S. This is a very creditable village of houses owned by the Howland Mills Corp

JESSEVILLE. Part of Mt Pleasant and its eastern slope, near Ashland and Linden streets. Named for Jesse Reynolds, a former resident

KENERSONVILLE. West of Purchase street, from Clark, to Cedar Grove street. Named for one of the first settlers

MARSH (THE). The low district east of S Water and south of Howland street

MOUNT PLEASANT. That portion of our city known by this name is in the northwest part, commencing at Robeson street. Here are some beautiful private residences, and the view which includes the river, the harbor, the

bay, and adjoining shores, villages and islands, is one of the finest in the country

**NORTH END.** Purchase street, north of the Common. Since 1878 has become an important business locality

**OAK GROVE CEMETERY.** Parker street, beyond Park, in the west part of the city, containing 26 acres. A pretty well kept place

**RIVERSIDE PARK.** Foot of Phillips av next Acushnet river

**RIVERVIEW PARK.** On Acushnet ave south side of Nash road

**ROCKDALE.** Is about one mile north of Cannonville, on Rockdale avenue. The only quarry of any size near the city, is located here

**SMOKING ROCKS.** A rocky point on the river near Palmer's Island, where it is said the Indians held council fires. Now on the Potomaska Mill premises

**TOBEY'S POND.** A beautiful sheet of water of about 60 acres, in the extreme northern part of the city. Its surface is 92 feet above the level of the city. Sometimes called Sassaquin's pond, from an Indian who lived near it

**TURNERVILLE.** Vicinity of Shawmut av and Durfee street. Named for an early settler

**WINTERVILLE.** The name given to a small collection of houses at the west of Rural cemetery, on Winterville road. At one time this was quite a flourishing settlement, but is stated to be about one half as large as it was in 1868, owing to the lack of road communications. Added to New Bedford from Dartmouth in May, 1888

**WOODLAWN.** The name generally given to Sears Grove, on French av, half a mile south of the Orphan's Home

## TABITHA INN

**T**ABITHA INN, built by Mr. Henry H. Rogers of New York, has just been completed and is a most attractive house. It is magnificently furnished, and has all the very latest improvements. The house is small, giving it a tone of home life, and well suited to people of refined taste who find hotel life distasteful. The table will be well supplied and daintily served, and the proprietor's successful experience in the past will enable her to suit the most fastidious. Fairhaven is just across the river from New Bedford, Mass. It is very accessible to New York, being reached via the New York and New Bedford Line boats. It is only an hour and a half from Boston, via the N. Y., N. H. & H. R. R.
